

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Wrappers.

THE Council has the pleasure of placing in the hands of Members the first instalment of Staffordshire Parish Registers for the present year consisting of portions of the following:—

Parish.	Deanery.
Barton under Needwood	Tutbury
Castle Church	Stafford

The first-named Parish is now completed and only awaits the index.

It is intended that the Parishes of each Deanery shall be bound up together. Every Register will, however, be separately paginated so that Members may adopt any other more convenient method of arrangement.

The present issue is in respect of the Subscriptions for 1903, and a further instalment of Registers will be issued at an early date.

Subscriptions for 1903 should now be forwarded to the Treasurer of the Staffordshire Parish Register Society, Lloyds Bank, Stafford.

Indexing.—The Council will be very pleased to receive offers of help in indexing the various Registers. The work is not difficult and can be completed in leisure time. Offers of help may be sent to the Editor. Assistance in this way will enable us to issue a larger amount of Registers than would be otherwise possible, as the expense of indexing is always considerable.

Transcription.—The work of the Society would be very greatly hastened if a few Members would undertake to transcribe the Registers in their respective districts. Those who have had no experience of antient handwriting might undertake to do the modern period, *i.e.*, from 1754 to 1812.

A pamphlet containing full instructions, together with some specimen alphabets of old register handwriting, has been prepared which Mr. Phillimore will send to any Member who proposes to help in the work of transcription.

Binding.—Cases for binding the Registers in Deaneries will be supplied on the completion of each. The price will be 1s. 6d. each nett., by post 1s. 9d.
